President's Note

Dear ISPR members,

I am honoured to be the incoming President and with my team of office bearers we will continue the good work done by the outgoing team that was led by Dr. Neera Kohli and Dr. Kushaljit Sodhi.

I am proud of our Society's successes over the past year. ISPR continues to grow in exciting and innovative directions. We have seen a lot of young radiologists getting involved in the Society and this is a welcome change.

We have the ISPR Outreach and CME meetings planned in the coming year. These programs provide abundant opportunities to learn and interact with colleagues with an interest in paediatric radiology. We look forward to active participation in these programs and we hope that such events may inspire our juniors to join ISPR.

Long live ISPR !

From the Secretary's Desk

Dear friends,

Season's Greetings!

I consider it a privilege and honour to be chosen for this post, and as I start my term, I am also slightly nervous, to take over from my dynamic and active predecessors.

We have cautiously started in-person conferences, and I would like to once again congratulate Team Jaipur for a wonderful 20th National Annual Conference in September 2022!

Apart from the Annual National conference, we are mandated to conduct a mid-term conference, and also outreach CMEs in smaller cities, to take current concepts and good practice of paediatric radiology to all parts of the country. Watch this space for announcements!

I am happy to receive your suggestions to take the Society to greater heights.

Best wishes for a Healthy, Peaceful 2023!

*Warm regards,
Dr. Sridhar Gibikote
General Secretary ISPR
Professor, Department of Radiodiagnosis
Head, Division of Clinical Radiology
Christian Medical College, Vellore*

Editor's Desk

*Season's greetings to all ISPR members!
We are pleased to bring out the end-of-year
edition of the ISPR Newsletter.*

*The 20th ISPR Annual Conference concluded
successfully at Jaipur. After two years of virtual
meetings due to COVID-19, this physical conference
was well received by all!*

*Over the past year we have taken steps to ensure that
ISPR stays relevant to those with an interest in
paediatric radiology and to the younger generation of
radiologists. To that effect ISPR is now on Twitter
(further details inside the Newsletter).*

*From this edition onwards we have included
educational content in the Newsletter in the form of a
short quiz/interesting case. We hope that this will be of
interest to postgraduates.*

*As we welcome the year 2023, here's wishing everyone
happiness and health in the new year .*

*May ISPR grow in strength, inspire and educate for
many years to come !*

*Dr. C.V. Kanimozhi
Editor ISPR National Newsletter
Joint Secretary ISPR
Consultant Paediatric Radiologist
Kanchi Kamakoti CHILDS Trust Hospital, Chennai*

*Happy

ISPR EC meeting Jaipur 26th August 2022

The EC meeting of ISPR was held in Jaipur on 26th August at 6.30pm.

Key points discussed:

Update on ISPR account details was provided by Dr. Jeetendra Sharma.

The EC approved Pune as the venue for ISPR 2023, to be organised under the leadership of Dr. Priscilla Joshi.

Following discussion at the EC meeting, it was decided that physical voting would continue as membership data is incomplete. As per the ISPR constitution online voting would be reserved for emergency situations.

ISPR GBM Jaipur 27th August 2022

The General Body Meeting of ISPR was held in Jaipur on 27th August at 5.30 pm. The GBM meeting was chaired by Dr. Kushaljit Sodhi.

The GBM approved Pune as the venue for ISPR 2023 and BHU, Varanasi was approved as the venue for the Mid Term CME 2023.

Constitutional requirements for ISPR office bearers were discussed and approved. Minimum requirements were set up for EC membership and for senior positions in ISPR. These requirements were put in place to ensure that potential office bearers are aware of recent developments in the Society, which in turn can help them serve the Society better.

The ISPR Orations for the year 2024 were finalised and approved by the GBM.

Elections for Office bearers (ISPR 2022 - 24) were held and all were unanimously elected by ISPR members present at the GBM.

ISPR 2022 Jaipur

The 20th Annual conference of ISPR, held in Jaipur on 27th and 28th August 2022, was a great success. The conference was memorable and was appreciated by all delegates. The lectures covered a broad range of topics in paediatric imaging including the latest advances.

The Inauguration ceremony was held on 27th August at 11 am. The chief guests for the ceremony were Dr.S.K Chaturvedi and Dr.Mala Udawat. The inauguration ceremony started with a welcome address by Dr.Kuldeep Mendiratta, Organising President ISPR 2022. This was followed by the Presidential address by Dr.Neera Kohli and then the Secretary's report by Dr.Kushaljit Singh Sodhi. The Vote of Thanks was delivered by Dr.M.P Goyal, Organising Secretary ISPR 2022.

Following the Inauguration, the ISPR Orations were conducted. The Prof. MVK Shetty Endowment Oration was delivered by Dr.Ajay Taranath on 'Corpus Callosal Anomalies'. The Prof. Arcot Gajaraj Endowment Oration was delivered by Dr.Murthy Chennapragada on 'Interventional Radiology in Paediatric Liver Transplantation'.

The workshops conducted on general paediatric imaging, MSK imaging and paediatric interventions were a big hit with the postgraduates.

A novel feature was the 'Walkathon' that was organised on 28th morning. The purpose of the Walkathon was to increase awareness about safe imaging in children. Despite the early start, all participants showed enthusiasm and made the event unforgettable and fun-filled.

Congratulations

We congratulate **Dr. Kushaljit S. Sodhi**, Professor, Department of Radiodiagnosis, PGIMER, Chandigarh, for being invited as faculty speaker at the below meetings:-

1. Invited as faculty speaker for the 20th AOSPR Congress held virtually on 19th & 20th August, 2022. The virtual Congress was held in partnership with the Philippine College of Radiology (PCR), Philippine Society of Pediatric Radiology (PSPR) and the Philippine College of Radiology - Southern Mindanao Chapter (PCR-SMC).
2. Invited as faculty speaker for the Dr Rajendra Rao ICRI CME, organised by Chhattisgarh Chapter of IRIA, held at Raipur on 26th and 27th November, 2022. At this CME he delivered three talks- '*Interpretation of Pediatric Chest X Rays*', '*Approach to Skeletal Dysplasia*' and '*Neonatal Respiratory Distress*'.

Learning pearl of the day:
What is innominate artery compression syndrome?

Tracheal compression due to innominate artery as it crosses obliquely from left to right anterior to the trachea usually at the level of thoracic inlet as infantile trachea is pliable, less rigid.

Indian SPR @indian_spr · Nov 8

Learning pearl :
What is a Hutch diverticulum?
It's a periuretral diverticulum of the urinary bladder, which is separate from the distal ureter and typically does not prolapse into the urinary bladder lumen.

QUIZ Answer

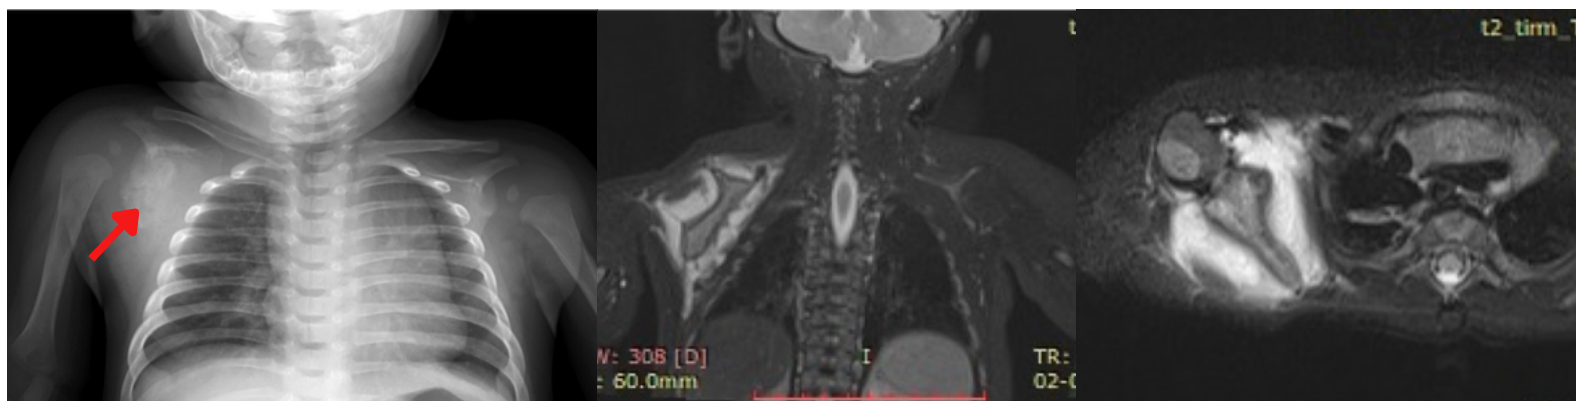

Findings : The chest X ray shows thickening of right scapula with sclerosis and new bone formation (arrow). The MR images show an enlarged right scapula and periosteal thickening. Oedema is seen in the muscles and tissues surrounding the right scapula.

Diagnosis: **Caffey's disease (Infantile Cortical Hyperostosis)**

Discussion:

Caffey's disease is a self-limited benign inflammatory disorder of infants (recent literature shows a genetic link). The classic clinical triad is fever, irritability and soft tissue swelling. Elevated ESR and CRP is seen. Patients may have leucocytosis and elevated ALP levels. The most frequently involved bones are mandible (75%), clavicle and ulna; other bones may also be involved. On radiographs the characteristic findings are periosteal reaction, subperiosteal new bone formation and cortical thickening. In long bones hyperostosis is typically seen in the diaphysis with sparing of the metaphysis and epiphysis. The plain film showing hyperostosis clinches the diagnosis. Multiple bones may be involved simultaneously.

DD to consider: Osteomyelitis, bone tumours, scurvy, hypervitaminosis A. In osteomyelitis radiographs may be normal in early stages. Subsequently when radiographs do show changes one would expect to see regional osteopenia, lysis and loss of bony trabecular architecture along with the periosteal reaction.

We encourage members to contribute interesting cases for this section.

B. Method of Payment

For Membership Amount :

Mode of payment : Cheque/DD

In Favour of

Indian Society of Paediatric Radiology

Online Payments may be made to -

INDIAN SOCIETY OF PAEDIATRIC RADIOLOGY

Bank Of Baroda

S/B A/C no - 05280100026047

IFSC - BARBOMOUNTR

(please attach payment proof along with the application)

Cheque/DD No. & Date,

(Name of the Bank)

(DD No. & Date)

(Place of issue)

C. Associate Member

Name of the Member

Name of Speciality

D. Declaration :

I have studied (Name of the course)

Of..... during (Academic Year)

I am eager to join the Indian Society of Paediatric Radiology.

Place:

Date:

(Signature)

	Admission fees	Total
As life Member	Rs. 4000/- + 500/- + (Plus 18% GST) =	5310/-
Associate Member	Rs. 2500/- + 500/- + (Plus 18% GST) =	3540/-

(Radiologist)

Surgeon, Physician, Paediatrician &
Other Imaging Specialists)

(Allied Health Professionals

Interested in Paediatrics)

Please send your application + Cheque/DD + MD/DNB & Registration certificate to :
